

ACTIVITIES

Develop an Education Centre to provide a 12 week holistic programme to support between 6 to 12 young people who are at risk of exclusion or may have already been excluded.

CIVIC PARTNERSHIPS

You will need to build strong links with the schools in your area. TLG help you to host an open day to generate referral enquiries and will make sure you're fully prepared for any Ofsted inspections.

PROJECT SUPPORT

All training is provided by TLG along with classroom resources and ongoing support. TLG will help ensure your facilities meet the statutory requirements, provide support with Department of Education registration and help you with recruitment and ongoing training.

FINANCIAL INVESTMENT

The cost of setting up a TLG Education Centre includes equipment, building modifications to meet Department for Education standards and cost of employing the staff team and running the centre. TLG will help provide accurate costs on a church-by-church basis.

TIME FRAMES

The programme runs like a regular school, based on a 6 class timetable, for 12 weeks at a time. You will also need preparation time and time to support families.

HUMAN RESOURCES

You will need to appoint Management Committee and a Committee Chair to work directly with TLG. You will also need 2-3 volunteers or paid staff to run the educational programme of 6 classes a day for 12 weeks.

PHYSICAL RESOURCES

You will need a suitable space, such as your church building. The lesson plans and resources will all be provided by TLG and you will need to provide basic school equipment and refreshments.
