

## Peaced Together

Peaced Together helps local churches to support women on a personal journey from brokenness to hope, using a variety of craft projects.

**Activity** Volunteers run a 10-week course with 2-hour sessions each week that use craft-based activities to explore topics such as beauty, thankfulness and positive choices.

### Time Frame

It takes churches an average of 3 months to gather resources, find volunteers and promote the course. The 10-week course then takes 2 hours each week, plus time to prepare and pack away.

### Financial Costs/Contribution

It costs £650 to train the project leader plus one volunteer and £250 for any additional volunteers. There is then an annual fee of £125. You will also need to provide 2-3 sewing machines and also buy craft equipment, which can be up to £35 per head (for many of our locations the participants make a contribution towards this as it helps with commitment)

### Community Support

Peaced Together will help you to connect with local authorities and other organisations who can refer women to your course.

### Project Support

Peaced Together offer full training and support including a resource booklet containing plans, discussion questions, and equipment lists. You can also connect with other churches running Peaced Together.

### Physical Resources

You will need a suitable room to run the sessions, equipped with tables, chairs and the facility to serve refreshments. Peaced Together will provide a full equipment list of craft materials, and you will need 2-3 sewing machines.

### Human Resources

You need at least 2 volunteers who have great communication skills and a heart for the local community. All the craft skills will be taught during the training sessions.

*"Peaced Together has provided a stepping-stone for our church to reach into the lives of the vulnerable women within our surrounding communities."*  
Peaced Together project leader.

**Replications**  
Peaced Together has  
**32**  
projects across the  
UK with  
**1322 participants**

*"When I took part in Peaced Together it was very inspiring to hear other women's testimonies – it felt like I was not alone, it was like a mini community."* Peaced Together beneficiary
